Key Activities

- Assess current mobility solutions and the potential uptake of different solutions for different scenarios;
- Create a new web-based ‘Virtual Best Solution Book’ to facilitate wider uptake of solutions across more cities and regions;
- Organise four individual “City Showcases” in Europe, Latin America, China and Singapore respectively; consisting of:
 - Showcases & site visits
 - Workshops/ seminars
 - Bilateral meetings

Viajeo PLUS: Flowline for Selecting Ultimate Set of Best Practice/Solutions

Key Results

- Develop recommendations to the EC for future collaboration among cities and for research cooperation initiatives;
- Facilitate a Twinning City Programme to allow representatives from cities to experience innovative solutions for future implementation;
- Engage stakeholders in MPCs to lay the foundations for future interregional cooperation in research and development activities.
