

Viajeo PLUS

International Coordination for
Implementation of Innovative and
Efficient Urban Mobility Solutions

Paul Batty

Newcastle University

www.viajeoplus.eu

Purpose

- To inform the Commission on future research areas
- Should be undertaken jointly with the SOLUTIONS Project
- Timeline for D2.5
 - M12: Initial recommendations and findings from mobility week
 - M24: Updated recommendations including findings from Chinese Mobility Week
 - M36: Final series of recommendations for Commission, including results of application of methodology to best practices

Recommendations

- To explore and support the development of step-change technologies for road vehicles
- To understand the socio-economic characteristics of cities within Topic One (T1) Countries
- Development of a routemap to forecast demographic and technological evolution within T1 countries

To explore and support the development of step-change technologies for road vehicles

- Zero-emissions urban transport
- What infrastructure is required?
- **Project Type:**
Research/Innovation/Demonstration
- **Partner Type:**
 - Local Authorities
 - Academic/Research Institutes
 - OEMs (including SMEs)
 - End User Representation

From both
Europe
and T1
Countries

To understand the socio-economic characteristics of cities within T1 Countries

- Socio-economic characteristics determine the likelihood of successful transferability
- **Project Type:**
Research/Coordination
- **Partner Type:**
 - Local Authorities
 - Academic/Research Institutes
 - End User Representation

From both Europe and T1 Countries

Forecasting demographic and technological evolution within T1 countries

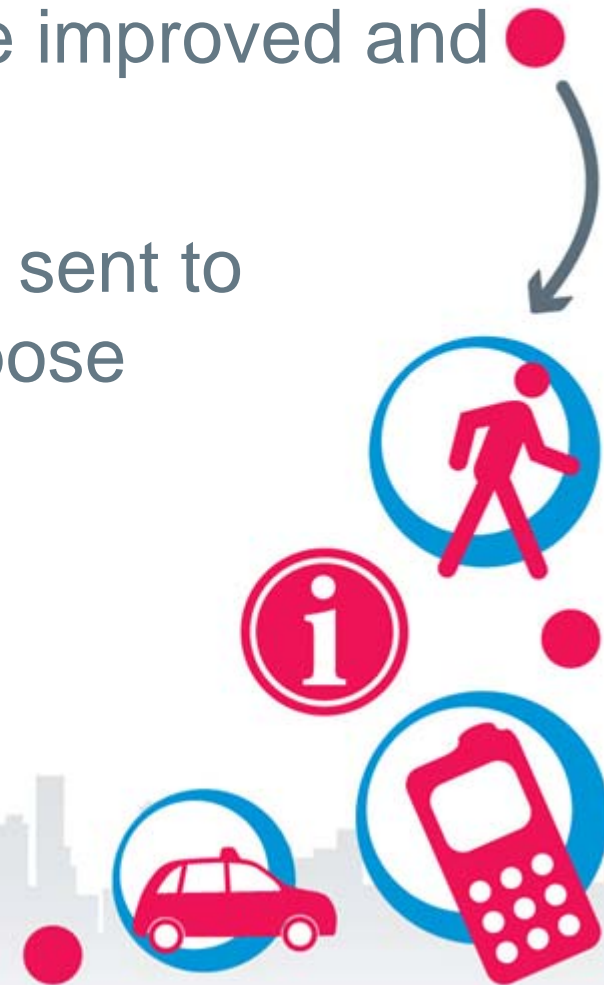

- Demographic changes in T1 countries will be significant and need to be planned for
- **Project Type:**
Research
- **Partner Type:**
 - Local Authorities
 - Academic/Research Institutes
 - End User Representation

From both
Europe
and T1
Countries

Feedback

- Current recommendations can be improved and new ideas suggested.
- A template will be developed and sent to partners should they wish to propose additional recommendations
- Deadline: **End of May**

Thank you!
